

CAPTUREE

SEAMLESS RECOVERY OF RARE EARTH ELEMENTS

2026

RARE EARTH ELEMENTS. RECOVERED.

CaptuREE's **plug-and-play bio-filters** turn your REE-rich e-waste sludge into a **new revenue stream** by **selectively capturing rare earth elements** inside the processes you already run. They **drop straight into your existing recycling line** - no new capex, no extra complexity, just **more value from what's already there.**

PLUG-AND-PLAY SYSTEM FOR LANTHANIDES RECOVERY.

EFFICIENT PROTEIN-BASED RARE EARTHS RECOVERY.

SEAMLESS DESIGN, CUSTOMISABLE FOR YOUR RECYCLING PIPELINE.

BIOENGINEERING SYSTEM SUSTAINABLY BUILT FOR YOUR REE RECOVERING NEEDS.
